DETAILED ACTION

Drawings

1. The drawings are objected to because of:
 - the use of “Non” and “Oui” within the drawings, and
 - the labels should have the associated text along with the numbers, in order to promote the usability of the document.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as “amended.” If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either “Replacement Sheet” or “New Sheet” pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Allowable Subject Matter

2. Claims 11-15 and 17-20 are allowed, renumbered 1-9 respectively.
3. The following is an examiner's statement of reasons for allowance:

Prior art of record fails to show or reasonably suggest a status file including all of: data relating to the insertion of money, addition of a selection to the queue, the end of a selection, and data allowing the system to return to a specified location in case of an interruption caused by a fault, in conjunction with the audiovisual reproduction system with a multitasking operating system with different priorities, the buffer arrangement, and scheduling module as recited in independent claim 11 taken as whole.

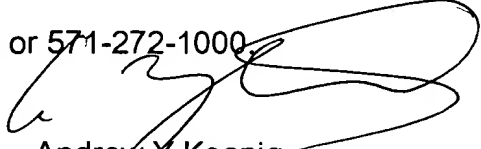

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
